

## **How to Pay for your Health, Dental and Vision Benefits**

### **Automatic Payments**

Once you make an election to continue your applicable benefits, Student Accounts will bill you monthly for your premiums.

You can set up automatic payments through your financial institution where applicable. (It is recommended that you wait for your first statement from Student Accounts. Submit to your bank, the top part of your statement (detailing your ID/#), the monthly premium, and Student Accounts address information.)
