OBERLIN TECHNOLOGY STORE

Used Computers from the Oberlin Technology Store

Due to storage issues, the Technology Store will no longer be holding regular used computer sales. Instead, as used machines become available, they will be offered for sale on a sign-up basis.

- Computers are made available on a sign-up only, first-come, first-served basis. You must come to the Technology Store in person to sign up.
- Only one computer per person.
- You must indicate if you want a Macintosh or Windows computer, laptop or desktop.
- We will contact you by phone or email, as you indicate, and you will have 5 days to respond whether or not you want the unit, and 7 days from time of notification to pay. If you do not accept the unit offered, you will go to the bottom of the waiting list.
- OS only is installed on computer. No media is available, and we cannot provide it.
- All items sold **as is**. All items have a 3-day warranty only. Please check your unit for correct functionality immediately. We will refund your purchase price if unit is inoperable within 3 days of purchase.
- Computers purchased through this sale are **not supported in any way** by the College. We cannot reinstall the OS or help you with any software or hardware problems. We are disposing of this equipment because we cannot support it, and offering it as a service to the community.
- If there is no one on the waiting list for a particular type of machine, it may be made available for donation to a charitable non-profit organization. The organization must provide CIT with a letter acknowledging receipt of the equipment.
- By placing your name on the waiting list, you indicate that you agree to the above conditions of sale.
