Return to:

Oberlin College

Office of the Registrar

Carnegie Building 124

52 W. Lorain St.

Oberlin, OH 44074

Or fax to: 440-775-8800

■ **Transfer and conservatory students are asked to wait until they have come to campus and met with their advisor before registering for any courses.**

■ Completing this form allows the Office of the Registrar to register you in one or two courses before you arrive on campus.

■ You must use the materials listed on page 7 to make your choices. Do not use other materials you may find at our web site; the resources we list in this book represent the current and approved course offerings for fall. We will not be able to register you in courses that are not in these resources; this will result in delays in your course registration.

■ We strongly recommend that you take a first-year seminar. Remember to consult the *First-Year Seminar Program Catalog* mailed with this book for descriptions of available courses before you indicate your choices in the first section below.

■ Indicate your choices for an additional, non-seminar course in the second section.

■ List courses in both sections of this form in order of your preference, with your top choice listed first.

■ For each course selection, enter the department, course number, and title. The form allows up to four choices for each section. If you have more than four choices, please list them as clearly as possible in the Comments section.

■ **You do not need to supply a CRN or section number unless you have a specific reason for requesting one section over another.** If you have a specific reason, please explain in the Comments section.

■ The Office of the Registrar will place you in at least one first-year seminar or another course. **Each first-year seminar offering has 14 seats and forms are processed in order of the date on which they are received.** Therefore, because of limited space in each seminar and high demand for certain courses, it is not always possible to place students in top course selections. Be sure to return this form as soon as possible for optimal consideration.

■ You will complete your registration when you come to campus. You may also adjust your schedule during registration or during the add/drop period.
