I am fresh to OCDC this spring and very glad to be a part of this community. I am excited to hear how all are making use of their OCDC training outside of Oberlin. I have learned a lot about the importance of both sharing and listening, while before OCDC I thought it was only about listening. I am excited to be a part of the community here for another year and to be an active OCDC member in this time. Thank you YB and all the folks who have contributed to make OCDC as it is now! Ten years is a long and short amount of time to me.
