

The Oberlin College Student Senate

To the Northern Illinois University Community,

We, the students of Oberlin College, are aggrieved by the shootings and deaths of our fellow students on February 14, 2008. Our hearts are filled with sympathy and grief for the losses that everyone in your community has suffered, and the pain we can only imagine everyone must feel.

As students we deeply empathize with your campus community. We write simply to offer our deepest condolences, and we humbly offer any assistance that you may need.

Our thoughts are with you,
The Students of Oberlin College
