Faculty Scholarship 2019

Prepared by the Office of the Dean of Arts & Sciences

INTRODUCTION

This booklet celebrates the productivity and creativity of the Oberlin College of Arts & Sciences faculty in 2019. As teacher-scholars deeply committed to the project of liberal arts education, our faculty is equally committed to the production of new knowledge and its dissemination. Over the past year, faculty have published 19 books, 139 articles and book chapters, 5 works of fiction and poetry, 3 translations, and 18 reviews. Arts & Sciences faculty have also mounted or screened 23 performances, exhibitions, and documentaries.

The catalog reflects the strength and vitality of our artists, humanities scholars, and social and natural scientists. The range and depth of the scholarship displayed in these pages are very impressive, and the document both confirms and exhibits our engagement with the world and the life of the mind.

As you leaf through these pages, join me in celebrating the wonderful accomplishments of our gifted faculty!
