- If the same amount of leave is to be taken every day for several days in a row, you may change the Days field to the appropriate number of days; note that using this function will include weekends. Requests for these days will need to be removed if they are not applicable
- You may use the Description field to explain the leave request if you like, but this is not required. Do NOT include any sensitive information in this field
- lick Save to complete the request
- On this Add Employee Request screen, click the Accruals button to view your current leave accrual balances

- You may create more than one leave request in a day; for example, if both Sick and Vacation hours are taken the same day
Request Deadlines

- Request leave in advance whenever reasonable
- Leave may be requested retroactive when necessary (for example, for unexpected Sick leave)

- For retroactive leave requests, it is best practice to create the requests as soon as possible or contact your supervisor or HR staff who can create the leave request for you if needed
- For salaried (monthly) employees, leave requests must be created by the 10th of the following month; supervisors must approve these requests by the 15th of the following month
- You may check the status of a leave request in the REQUESTS section
