## Note:

Paychecks, health insurance, and other benefits cannot be processed until you officially sign in at the Department of Human Resources (see page 11 for contact information and hours). The benefit plans listed below have a 31-day initial enrollment period. If you do not enroll within that time period, you will have to wait until Open Enrollment, which has an effective date of January 1 of the following year.

## Group Health Insurance

The cost of the Consumer Driven Health Plan (CDHP) with a Health Savings Account (HSA) is 1.75% - 4.50%. Spouses may be eligible for health coverage, subject to eligibility requirements. If the spouse is also an Oberlin College employee, with no dependents, both employees must carry single coverage. If there are dependents, then a family plan must be taken. When a family plan is taken, the cost shall be deducted from the employee with the higher salary.

## Flexible Spending Account

The Dependent Care FSA allows an employee to set aside a predetermined amount of pre-tax dollars to cover certain out-of-pocket expenses. A Dependent Care FSA can be established for dependent care expenses for children under the age of 13 or for elderly dependents who reside with you. Eligible expense includes day care, preschool, before/after school programs, summer camps.

## Health Savings Account

Employees who choose the Consumer Driven Health Plan (CDHP) will automatically be enrolled in a Health Savings Account (HSA). An HSA is a tax-advantaged plan that allows both the employee and the employer to contribute funds to be used for current qualified health care expenses with the option to accumulate savings for the future. Oberlin College makes contributions to the Health Savings Account of up to \$1,000 per year for Single, \$1,700 for Employee + Spouse or Employee + Child and \$2,000 for Employee + Spouse + Child(ren).
