

## Housing/Dining Accommodation Form

In order to properly evaluate the student's request for Housing/Dining Accommodations at Oberlin College and Conservatory, the Office for Disability & Access (ODA) requires specific diagnostic information from a licensed clinical professional or healthcare provider who is directly responsible for the treatments of the student's diagnosed disability, including the intentional use of housing/dining accommodations to address the functional limitations that result from the student's physical or psychological condition(s). As a qualified professional within your respective field, you should be diligent in following your professional training, scope of practice, and applicable ethics codes when considering this student's request.

### **When completing this form please consider:**

1. *Does the student making the request have a diagnosis of disability which substantially limits their ability to equally access campus housing/dining?*
2. *Do you believe that the recommended accommodations serve a role to successfully mitigate and contribute to the treatment of the impacts of the disability?*

It is important to note that a diagnosis or medical provider recommendation does not guarantee that the student's request for housing/dining accommodations will be approved. The ODA completes a holistic review of the provider's recommendations, current nature of the student's symptoms, student's self-report, and all available accommodations and college support resources when making final decisions and recommendations. We ask that you please complete this form in its entirety, providing complete answers for all questions. If you are unable to provide a response for a question, please indicate the reason. It is not necessary to submit additional documentation for this student's request. However, if you feel that additional information may provide a more complete understanding of the student's request, you are welcome to submit additional information.

**Upon completion, submit the form by email ([ODA@oberlin.edu](mailto:ODA@oberlin.edu)) or fax (440-775-5589).**

Please do not hesitate to contact our office (phone: 440-775-5588) with any questions or concerns.

Your assistance with our evaluation of the student's request is greatly appreciated.

## Office for Disability & Access

10. In your professional opinion, how important is it for the student's functioning that these accommodations be provided in housing/dining? What consequences, in terms of disability symptomatology, may result if the accommodation is not approved?

11. If the student is a returning student and has not previously used this accommodation at Oberlin College and Conservatory, please describe what has changed regarding the student's disability that now necessitates the need for this accommodation.
