Oberlin contact tracers will use the policies and guidelines below to inform their decisions. Individual circumstances will be reviewed to determine if alternative procedures are appropriate.

**HAVE YOU CONSISTENTLY APPLIED THE FOLLOWING?**
1. Consistent masking indoors for students, faculty, and staff regardless of vaccination status.
2. Generally maintaining 3 feet of distance when possible.
3. Documenting COVID-19 prevention policies and procedures.

---

**IS THE CONTACT VACCINATED?**

**YES**

**YES | CONTACT SHOULD:**
1. Be vigilant about wearing a mask when with others.
2. Monitor symptoms. If symptoms develop, contact Student Health at (440) 775-8180 or email health@oberlin.edu.
3. Attend class and participate in extracurricular sport activities as long as no symptoms are present.
4. If a symptomatic person tests positive, isolation will occur for 10 days.

**NO | CONTACT SHOULD:**
1. Quarantine in residence for 7 days.
2. Immediately schedule a testing appointment with Student Health at (440) 775-8180 or health@oberlin.edu. Testing should occur 5 days post-exposure.
3. If a symptomatic person tests positive, isolation will occur for 10 days.
