WAYS PSYCHOLOGY MAJORS RISE

RESEARCH:
• Last year, 84% of our graduating majors reported conducting research with faculty outside of class during their time at Oberlin. Many graduating majors co-authored scientific conference posters and/or published journal articles.
• Oberlin and the psychology department help cover the costs of presenting research at scientific conferences.
• Decide how YOU want to get involved in cutting-edge scientific research at Oberlin:

INTERNSHIPS AND EXPERIENTIAL LEARNING:
Expand your research horizons and gain experience working by completing internships in applied settings such as schools, health care facilities, and social service agencies. Students hold internships during the academic year, winter term, and summer. Some of our students’ recent placements include:
• Planned Parenthood USA
• YWCA–Girls’ Circle, Elyria, Ohio
• Early Childhood Center, Oberlin, Ohio
• Health & Disability Advocates, Chicago
• Wassmuth Human Rights Center, Boise, Idaho
• Alliance for Children’s Rights, Los Angeles
• AMICUS Children’s Learning Center, Cincinnati, Ohio
• St. Elizabeth’s Psychiatric Hospital, Washington, DC
• Injection Drug Users’ Health Alliance, New York City
• Utah Valley University, Upward Bound Program, Orem, Utah

continued on reverse
• University of Denver, Adolescent Relationships Lab, Denver
• Cambridge Health Alliance, Division on Addiction, Cambridge, Mass.
• Temple University, Ellman Psychotic Disorders Lab, Philadelphia
• Rowan University, Alcohol Administration Research Lab, Glassboro, N.J.
• New York City Department of Health and Mental Hygiene, New York City
• District of Columbia Public Schools (Special Education Department), Washington, DC
• George Mason University, Department of Human Factors and Applied Cognition, Fairfax, Va.
• The Children’s Hospital of Philadelphia, Center for Injury Research and Prevention, Philadelphia
• University of California Los Angeles, Cognitive, Social, and Affective Neuroscience Lab, Los Angeles
• University of California San Diego Eating Disorder Research Program, San Diego
• Stanford Center for the Study of Language and Information, Stanford, Calif.
• University of Chicago (Infant Cognition Lab), Chicago
• Harvard University Music Lab, Cambridge, Mass.
• Yale Parenting Center, New Haven, Conn.

STUDY AWAY:
Want to develop or polish your language skills, develop a more global perspective, or conduct cross-cultural research? Winter Term also offers excellent opportunities for study and travel. Psychology majors have recently studied at:
• Gallaudet University (“dedicated to the deaf and hard of hearing”), Washington, DC
• Danish Institute for Study Abroad, Copenhagen, Denmark
• Danenberg Oberlin in London Program, London, England
• Study Rome: Language and Area Studies, Rome, Italy
• Pontificia Universidad in Valparaiso, Valparaiso, Chile
• National University of Ireland, Galway, Ireland
• University of Canterbury, New Zealand
• Buddhist Studies, Bodh Gaya, India
• Trinity College, Dublin, Ireland

FIRST DESTINATIONS OF RECENT PSYCHOLOGY MAJORS:
• Positions: Fulbright fellow, South Africa; fellow, United Nations Institute for Training and Research; marketing coordinator, Whitney Museum, New York City; enrollment specialist, New York City Department of Education; community educator, Apicha Community Health Center, New York City; rape crisis advocate, Lorain, Ohio; market intelligence analyst, Netpop; software tester, Epic; teacher’s aide, Pennsylvania School for the Deaf; lab manager at Ohio State University, University of California Santa Cruz, Carnegie Mellon University, University of California San Diego, and Stanford University; research technician, Oklahoma Tobacco Research Center; medical researcher, University of California-San Diego Health; project manager, Harvard University; research coordinator, MDRC Social Policy Group, New York City; research coordinator, Philadelphia Museum of Art
• Graduate Schools: MAT in elementary education, Brown University; MA in speech and language pathology, University of Arizona; PhD in psychology and brain sciences, University of Massachusetts-Amherst; PhD in human factors psychology, Clemson University; MA in human development and family studies, Pennsylvania State University; AM at Harvard University; PhD in clinical psychology, St. John’s University; JD, Duquesne School of Law; PhD in cognitive psychology, University of Minnesota; PhD in social psychology, University of California Santa Barbara; MA in statistics, Fordham University
