Vehicles are provided with a full tank of gas at all Enterprise and National airport locations. At off-airport locations, vehicles may be provided with less than a full tank.

Both Enterprise and National offer our renters several refueling options. Refueling rates vary by location, and the option selected. Travelers may choose one of the following:

- You refuel — The renter replaces all gallons used before returning the vehicle to avoid all refueling charges.
- Prepay — At the time of rental, renters may purchase a full tank of gas at competitive industry pre-purchase fuel prices. This is available at all airport and select off-airport locations.
- We refuel — The renter will be charged the refueling rate based on current local, per-gallon price, plus a fee of up to 50 percent. Corporate locations will cap the maximum refueling charge at \$2 per gallon above current per-gallon prices.
