

2019 Faculty, A&PS, and Confidential employees - This document describes the differences between the medical CDHP with HSA and PPO option. Definition and terms are sourced from healthcare.gov

PREMIUMS

<p>The <i>premium</i> is the amount that must be paid for your health plan. You pay it monthly and the amount you pay is a percentage of your salary.</p> <p>Employees earning over \$150,000 pay stated rates until a cap, and then 25% of stated rates over cap.</p>	PPO Health Plan	Single Employee	2.00%	Consumer Driven Health Plan	Single Employee	1.95%		
		Employee	+ Spouse (Secondary)		3.33%	Employee	+ Spouse	3.85%
			+ Spouse (Primary)		4.10%		+ Children	3.85%
			+ 1 child		3.60%			
			+ 2 children		4.10%			
		+ 3 children	4.60%					
Family (Spouse Secondary)	5.00%	Family (Spouse+ Children)	5.13%					
Family (Spouse Primary)	5.80%							

SPENDING ACCOUNTS

		Rollover	Interest	Contribution Limit	Minimum Annual College Contribution
PPO	A flexible spending account (FSA) is available. An FSA is an arrangement you set up through Oberlin College to pay for out-of-pocket medical expenses like annual deductibles and coinsurance with pre-tax dollars.	No	No	\$2,650	\$0
	A health savings account (HSA) is available. An HSA is a medical savings account available to taxpayers enrolled in a High Deductible Health Plan used to pay for out-of-pocket medical expenses like annual deductibles and coinsurance with pre-tax dollars.	Yes	Yes Balances over \$2,000 earn interest.	Single Employee \$3,500 Family \$7,000 Additional \$1,000/yr After age 55	Single Employee \$750 Single Employee + Spouse OR Children \$1,000 Family \$1,500

DEDUCTIBLES

		IN-NETWORK		OUT-OF-NETWORK	
<p>Your <i>deductible</i> is the amount you owe for covered health care services before your health plan begins to pay. The deductible may not apply to all services.</p>	PPO	Single Employee	\$550	Single Employee	\$1,100
		Employee + Spouse or Children	\$1,100	Employee + Spouse or Children	\$2,200
		Family	\$1,100	Family	\$2,200
	CDHP	Single Employee	\$2,000	Single Employee	\$4,000
		Employee + Spouse or Children	\$3,000	Employee + Spouse or Children	\$6,000
		Family	\$4,000	Family	\$8,000

MEDICAL COINSURANCE

		IN-NETWORK	OUT-OF-NETWORK
<p><i>Coinsurance</i> describes the share of the costs of a covered health care service after reaching the deductible, calculated as a percent of the allowed amount for the service.</p>	PPO	90% plan 10% employee	65% plan 35% employee
	CDHP	80% plan 20% employee	60% plan 40% employee

PREVENTIVE CARE

		IN-NETWORK	OUT-OF-NETWORK
Preventive care is routine health care that includes screenings, check-ups, and patient counseling to prevent illnesses, disease, or other health problems.	PPO	Covered at 100% with no deductible	Not covered
	CDHP	Covered at 100% with no deductible	Not covered

PRESCRIPTION DRUG COST

		Preventive Maintenance	Generics	Most Other Generics	Brand Drugs	Drugs Subject to Deductible
PPO	Under the PPO plan, prescription drugs are paid for with a copayment, a fixed dollar amount you pay for a covered health care service.	Free		\$10	\$50 preferred drugs \$75 non-preferred drugs	No
CDHP	Under the CDHP, prescription drugs are paid for with coinsurance, a percentage amount you pay for a covered health care service.	Free		80% plan 20% employee	80% plan 20% employee	Yes After deductible, 80%/20% coinsurance applies.

OUT-OF-POCKET MAXIMUMS

		IN-NETWORK		OUT-OF-NETWORK	
The most you pay during a policy period (usually one year) before your health plan starts to pay 100% for covered essential health benefits. This limit must include deductibles, coinsurance, copayments, or similar charges.	PPO	Single Employee	\$4,200	Single Employee	\$8,400
		Employee + Spouse or Children	\$8,400	Employee + Spouse or Children	\$16,800
		Family	\$8,400	Family	\$16,800
	CDHP	Single Employee	\$4,000	Single Employee	\$8,000
		Employee + Spouse or Children	\$6,000	Employee + Spouse or Children	\$12,000
		Family	\$8,000	Family	\$16,000

Frequently Asked Questions

We know that health care can be confusing. Here are some of the most frequently asked questions about the plan options.

- ? How can I enroll in the new CDHP?**
To be eligible for HSA funding from Oberlin College, you must complete an annual biometric screening and a health risk assessment
- ? How can I increase the College's contribution to my HSA?**
Under the CDHP, you can complete voluntary *health actions* to earn additional contributions to your HSA. Examples of health actions include seeing your primary care physician annually for a preventive care visit, or participate in Lifestyle coaching through Medical Mutual.
- ? How are the differences in prescription drug cost sharing going to affect me if I switch to the CHDP?**
Under the CDHP, most prescription drugs are subject to the deductible rather than a fixed co-pay. The College's contributions to your HSA will help defray those costs. You will no longer have a fixed price for a given tier of prescription drug, but a percentage, or share, of the actual prescription drug cost.
- ? Where can I get more information?**
