

Welcome to CVS Caremark[®]

CVS Caremark manages your prescription benefits just like your health insurance company manages your medical benefits. This means helping you get the medication you need, when you need it, whether it's once a month or once a year.

How does CVS Caremark work with my health plan sponsor?

CVS Caremark works with your health plan sponsor to design and manage your pharmacy benefit plan. This includes creating your list of covered medications, determining how much you will pay for your medications, and providing you with programs and services to help you effectively manage your health.

Where can I learn more about my prescription benefits?

Simply register at **Caremark.com** or download the mobile app to do all of this:

- Review your coverage and annual spending
- Find opportunities to save
- See your prescription history
- Check medication costs
- Find in-network pharmacies
- Refill prescriptions
- Check your order status
