

Dear Oberlin Faculty and Staff,

Thank you for your unparalleled commitment to our students. As you open doors of learning, self-discovery, and transformation through the educational and supportive environment you provide, we invite you to also consider investing in the lives of our students and one another through your philanthropy. Please join me in making a gift to Oberlin.

Through our shared service and philanthropy, we actively promote Oberlin's values, support its mission, and ensure Oberlin remains a force for good in the world -- something especially needed during these challenging times.

Making your gift -- in whatever amount is right for your situation -- is easy.

As you know, the College's open enrollment period for employees begins on Monday, October 12, 2020, and continues through Friday, October 30, 2020. During open enrollment, you can opt to make a monthly pre-tax, payroll-deduction donation on [Overview](#). Alternatively, you can make a [one-time gift](#) securely online. Please choose the option that best suits you.

Your participation matters. Your gift, along with others from across campus and across the globe, enhances Oberlin College & Conservatory and makes possible the transformative experiences shared by our students, faculty, and staff members.

Thank you for your support of Oberlin in spirit, service, and philanthropy.

With gratitude,

Michael P. Grzesiak
Vice President for Advancement
