

As part of the continuing efforts towards environmental sustainability by reducing use of paper, all 2020 W-2 and 1095C forms will be provided by the College electronically within OberView. All Students, Faculty and Staff may view and print their annual W-2 and 1095C (if applicable) no later than January 31, 2021.

- To access the W-2 login to OberView, select the **“W2 Year-End Wage and Tax Statement”** box and follow the directions to print as many copies required (by clicking on the **“Printable W-2”** on the bottom left). The 1095C (if applicable) may be accessed by selecting the **“1095C Health Insurance Offer and Coverage Statement”** box and following the directions to print as many copies required.
- All Students Faculty and Staff may retrieve their W-2 and 1095C forms by accessing OberView and printing any required copies. If for some there is a reason online access cannot occur, a printed form can be obtained by visiting the Department of Human Resources. You may also unenroll in this functionality by visiting OberView, selecting **“Electronic W2 Consent”** and following the instructions. This option however will result in a delay in receiving your W2 and 1095C.
- Accessing W-2 forms by OberView will also apply to former Students, Faculty and Staff. The Obie ID for the former Students, Faculty and Staff continues to remain available and active for retrieval. If a former Student, Faculty or Staff member has forgotten their Obie ID they should contact the Department of Human Resources. If the former Student, Faculty or Staff member has forgotten their password, they should try the **“Forgot My Password”** link or contact the CIT help desk.
