SHOPPING OVERVIEW
You can shop several different ways in ObieBuy. A punch-out takes you to an individual supplier’s website and allows you to shop only at that site. A hosted catalog search displays within the system and returns the closest matches from various suppliers.

PUNCH-OUT SEARCH
Because a punch-out connects you directly to a supplier’s website, the shopping experience for each punch-out is a little different.
1. Click on the supplier icon. This action will take you to the supplier’s punch-out site.
2. Shop on the site like you would any other, and when finished, there will be some concept of ‘Checkout’.
3. Follow the website’s instructions for checking out, which will bring the items back to your cart within ObieBuy.
4. If at any time you decide to return to ObieBuy without bringing anything back in your cart, click the Cancel PunchOut button on the top right corner of the screen.

HOSTED CATALOG SEARCH
1. From the Shopping Home page, enter the search terms in the search box of the item you want. In the example below, you see ballpoint pen has been entered in the search box.
   Shop  Everything  ▼  ballpoint pen  Go
2. Click the Go button to start the search.
From the results page, you can add an item or multiple items directly to your cart, or compare several items side by side.

ADD TO CART
From the search results page, click on the Add to Cart button next to the item(s) you wish to add to your cart.

COMPARE MULTIPLE ITEMS
1. Click the compare link next to the items you wish to compare.
2. Select the Compare Selected button at the top of the search results to view a side by side comparison of the selected items.
3. To add multiple items, click the Add To Active Cart button and then Go.
4. Alternatively, you can select Add to Cart to put an item or items in your cart.
5. Once you are finished comparing items, select << Back to Search Results to go back to the search results.
