If you want to go back a screen, **DO NOT** click the Back button, click this link instead.

These rooms are orange, meaning they are available to be selected. As an individual, you are eligible to select a single or a double room. This section shows the attributes of the space that you selected – if the space is substance free, if it is all female, the size of the beds in the room. The “Assignment Limit” shows how many people are allowed to live in the space you selected. The “Spaces” section will show how many available spaces the room currently has. Click on one of the “Select Spaces” buttons. If this space were a single, there would be only one button.
