Green EDGE Fund Waiver Card

*Fill out this form only if you do **not** want to support the Green EDGE Fund*

The Fund for Ecological Design and General Efficiency (The Green EDGE Fund), administered by a Board of students, faculty, and staff, will only invest in manageable projects with a clear and prompt payback to the fund. Student Board members will drive the process by developing detailed, financially sophisticated proposals and working with Facilities to implement them. The Fund will loan money for the projects, and the loan will be re-paid into the Fund through the energy savings. A portion of the fund will also be allocated to compensate student board members for their work.

Funding is through a per semester fee of \$25.00 that is assessed to each student's term bill. If you do not wish to pay this fee, fill out this form completely and return it to the student accounts office within the **first two weeks of every semester**.
