2020 WINTER TERM MEAL PLAN
Application for Funding

Oberlin College will help high-need students fund their winter term meal plan by offering them a student loan and/or grant. To be considered, you must:

1) Complete this application and return it to the Office of Financial Aid no later than December 13, 2019.

2) Be a dependent student who applies for need based financial aid, with a total parent contribution (as calculated by the Office of Financial Aid) of less than $3,000 or be an independent student who applies for need based financial aid, whose total contribution does not exceed $2,700.

3) Register and successfully complete your Winter Term project.

4) Enroll in the Winter Term Meal Plan. Off-campus food expense will not be covered.

If you meet the previous criteria, and you have loan eligibility that you have not borrowed, the amount of your Winter Term Meal Plan ($300) will be offered in the form of a loan. If you have borrowed your maximum loan eligibility, your Winter Term Meal Plan will be covered by grant.

The Office of Financial Aid will notify you if you are eligible for assistance. If you have successfully completed your winter term project, you will be eligible for $300 for your Winter Term Meal Plan. The Office of Financial Aid will not reimburse you for any board costs paid by another department or agency.

I understand the above requirements and wish to apply for funds to cover my Winter Term Meal Plan.
